26 Years of Judo in Coimbra

Dear Sir,

Associação Académica de Coimbra – Judo Club will organize the 26th Académica's International Training Camp to be held in Coimbra from 25-29 August. It is the biggest and the most respected training camp held in Portugal, with the presence of the best national athletes, high level performers and an extensive number of judokas. We will still have training sessions for young judokas and high level competition. This year we have a debut: Coach Forum.

In order to improve the level and the quality of this event, it is our pleasure to invite your club to join us. This edition will have the participations of high level and international coaches like the japanese Go Tsunoda (former japanese international athlete and former British National Coach, High-Level Competition Manager of Portuguese Judo Federation), Nuno Delgado (2000 Olympic bronze medalist and 1999 European Champion), Tiago Lopes (Vitória F.C. Looking forward to hearing from you,
